Reviews

*Merely no words and phrases to describe. I really could comprehend almost everything using this created e pdf. Your daily life period will be change once you full reading this ebook.
(Mr. Ladarius Stoltenberg)*

RADIUM THERAPY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Radium Therapy The completed manuscript of this book was riven to the publishers on July 6, 1921.The delay in publication, due to unusual industrial conditions, has enabled me to make some minor corrections in the clinical part of the work and to bring the bibliography up to date. A survey of the literature referred to in the bibliography, which I have tried to make comprehensive rather than critical, indicates the widespread interest in radium therapy. Unfortunately, lack of space has made it possible to mention specifically in the text the Work of only a few of the authors listed in the bibliography. The immense task of verifying all of the references in the bibliography has been accomplished only through the assistance of Mr. Robert J.Usher, Mr. William L.Teal, Miss Beryl L. Kanagy and Miss Hazel B.Kraft and I desire to express my thanks for their invaluable help. I wish also to express at this time my appreciation of the great kindness of several of my colleagues and friends. Dr. Paul Degrais and Dr. Bellot of Paris have generously loaned me the drawings of microscopic sections, taken from their own immense material, which are reproduced in this book. Dr. George Winchester has prepared the framework of the chapter on the collection and purification of the emanation for therapeutic purposes. Mr. L.W. Taylor has made the schematic drawing of the emanation apparatus and has constructed the emanation decay table inserted in Chapter IV. Dr. C.H. Viol has loaned me the photograph of the Debierne-Duane-Failla emanation apparatus which is reproduced in the book. He has also read over the sections on the physics of radium and made valuable...
