Ever since British press agent Derek Taylor launched a publicity campaign with that theme to promote the landmark LP Pet Sounds in 1966, some variation of that claim has been obligatory when discussing the significance of the Beach Boys founder and chief composer. Originally designed to liberate Wilson from his outmoded image as a purveyor of sun-and-surf teen pop so the symphonic sophistication of his music might be properly appreciated, the assertion has been repeated so often in the forty-plus years since as to render it virtually meaningless.
