Therefore firstly, the definition as well as the reasons of the need of the implementation of functional orientation are shown. Secondly, the consequences and dangers of this approach on product development and market communication are presented and discussed. Further, the goal of the second part is to work out and describe the concepts of dematerialisation as well as functional orientation from a sustainable perspective. Therefore, the term 'dematerialisation' is defined and a brief general overview about the current situation is given. Secondly, this approach as well as the approach of functional orientation will be presented and discussed out of a sustainable perspective. Finally, the aim of the last elaboration is to work out the paradoxes between the theoretical approach of marketing, namely...
