By Nina Nixon

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Aged: 2120 is a science fiction novella about a unique kind of aged-based discrimination and its possible side effects. It s a tale about a perverse American society that becomes hostile towards its young. In this story, it s the year 2120, and the American age laws have been in effect for a while now. The moon is another go to place for humans. If you broke the law, that s where you d go. Unfortunately, in America and some other parts of the world only the young are found to be guilty enough to be sentenced. Tammy and Mark are young and so are their friends. They don t want to do wrong and they certainly don t want to go to Moon Prison. This book poses the question that we must ponder and answer individually: Can we learn from our mistakes and rise up out of a discriminatory past or will the last civil war be a fight for freedom for all ages?.
